Star Ornaments

Very easy · approx. 30 minutes

3 sizes: 9 · 7 · 5 cm

Little stars for your advent wreath, as gift tags or for the Christmas tree.
Quick to make, lovely with kids and a cosy start to the festive season.

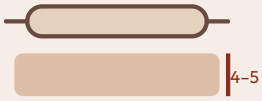

You will need

- Clay (approx. 200 g)
- Rolling pin & 2 guide sticks (4–5 mm)
- Needle tool or craft knife
- A drinking straw for the hole
- Sponge
- Lace doily, fork or stamp for texture
- A pretty ribbon for hanging

Printing

Print the templates at full size (100 %, “Actual size”). The test square on page 3 must measure exactly 5 × 5 cm.

How it works

1 Roll out the clay 4–5 mm thick and smooth it.

2 Add texture: place a lace doily on top and roll over it.

3 Cut out the stars with the template and needle tool.

4 Use the straw to punch the hole in the top point.

5 Smooth the edges with a damp sponge and let them dry flat.

6 Fire, glaze if you like and hang with a ribbon.

Tip

Punch the hole at least 1 cm from the edge so it does not break out.

Tip

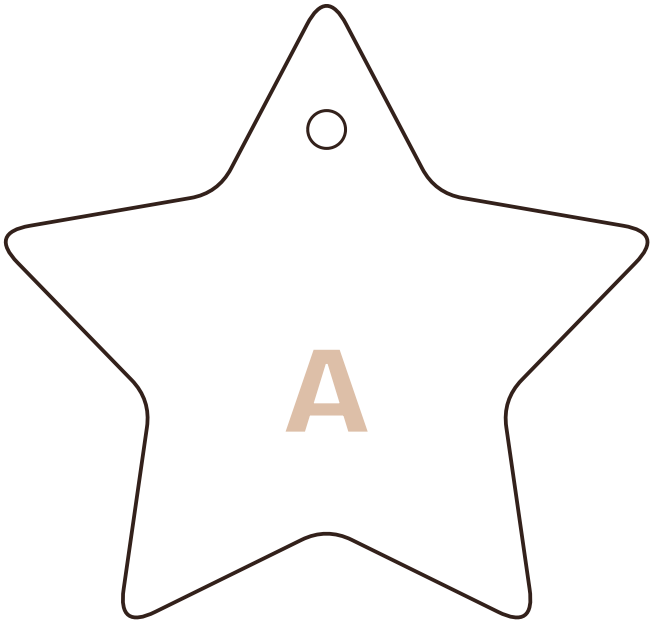

Dry them between two boards with kitchen paper so they stay nice and flat.

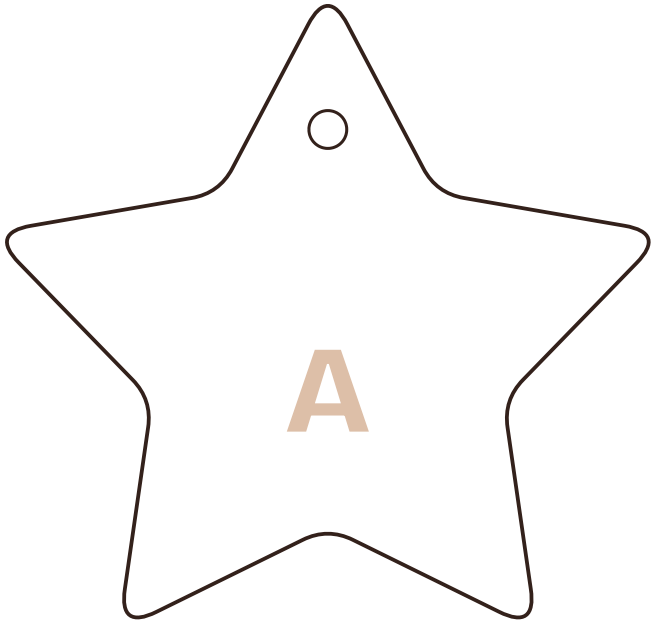

Tip

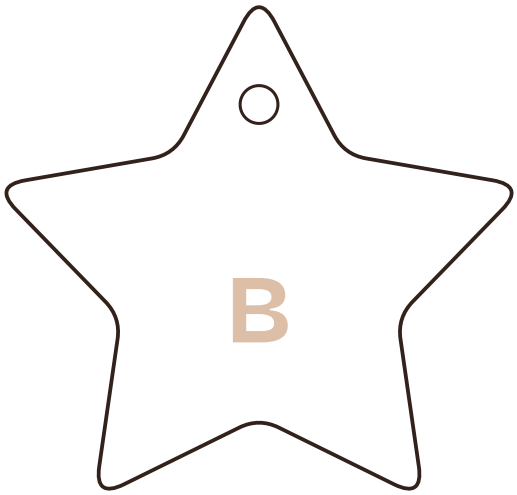

Scratch in a name and they become place cards or gift tags.

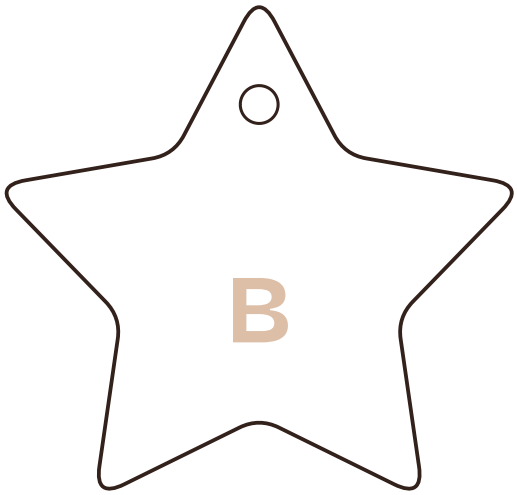

Templates · Stars in 3 sizes

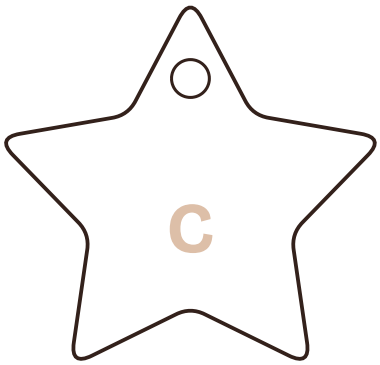

Cut along the solid line. The small circle is the hole for hanging.
